2017 Annual Report

Brehon assisted 1542 clients with needs including shelter, family support and education. These prevention programs saved the community \$20 million in avoidance of hospital, educational, and child abuse costs. During this year Brehon’s programs accomplished the following objectives:

Brehon House: Transitional housing and case management for homeless, pregnant women and their babies; services provided up to 2 months post-partum when families are moved into more permanent housing.

- **30** homeless, pregnant women and children received housing and support services.
- **100%** of residents completing the program moved into more permanent housing.
- **100%** of residents delivered healthy babies.
- **100%** of residents achieved at least **80%** of their goals.
- **Provided 2,500 hours** of services (i.e. life skills and parenting classes).
- **ZERO** infant mortality rate.

Project S.A.F.E. (Support and Family Education): In-home family support, intervention services, and parent education for high risk families; services provided up to 90 days.

- **143 individuals** received services in Madison
- **212 individuals** receive services in Taylor counties.
- **Provided 3,000 hours** of services including parent education, self-esteem and life skills.
- **Delivered 5,000 units of service.**
- **282 referrals** made.
- **ZERO** infant mortality rate.
